

# 2017 Autumn Term 2

## Year 2

### Enriching Learning

The following links will help you to practise some of the key learning for maths and English this term. You can choose which things you most need to practise and when and how long you spend on them.

#### Maths Focus: Time

##### Paddling

<https://mathsframe.co.uk/en/resources/playgame/116>

##### Swimming

<http://www.primarygames.com/time/question3.htm>

##### Diving

<http://www.primarygames.com/time/question3.htm>

#### English Focus: Instructions

##### Paddling

**Reading Reminder:** This term we would like you to try and read for 10 minutes every day. You can read by yourself, or you can read with an adult. Get them to record your reading in your reading diary, remember reading 2 books in one night still counts as one nights reading 😊

The following links will help you to develop your understanding of our topic this term and with topic homework activities.

#### Topic Focus: Houses and Homes

Each week you need to choose one of these activities to complete and hand in on Wednesday in your homework book. Make sure you choose a range of activities (some from each box) during the term.

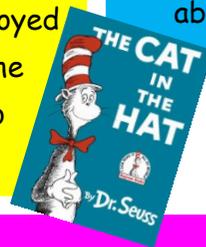

### English Activities:

- Create your own Christmas decoration, then write the instructions so that they can be followed by someone else. Remember to include imperative verbs, adverbs, pictures or diagrams and a list of what you need.
- Choose your favourite book. Can you write a brief description so that someone could guess what it is about? Or you could write a book review. Why would you recommend this book to others?
- Write a letter to Father Christmas on behalf of somebody else. Is there something that your Mum or Dad would love to get? Or even a friend. Write to Father Christmas telling him the reasons that they deserve it.
- Write a recount of something that you enjoyed doing in half term. Remember to write in the past tense and include lots of adjectives to describe.

### Maths Activities:

- Can you think of a fun and unique way to teach other children the 2, 3, 5 and 10 times tables? You could create a poster, make a video or even create a rap.
- Keep a time diary for a week. Try your best to tell the time yourself. What time do you wake up? What time do you have your breakfast? What time do you go to school and lots more!
- Roll a dice to gather your numbers. Have a look at adding and subtracting them. Are you able to subtract? Does it matter which way round the numbers go for adding?
- Can you create a fact file about 2D shapes? What are the shape names? How many sides do they have? How many corners? Add pictures to teach others all about it.

### Topic Activities:

- Have a go at making an artefact that would have been around in the Tudors. It may be a toy, such as a cup and ball, or you could do some sewing by making a baby. It maybe that you want to make some pottery. Don't forget most cups had 2 handles!
- Choose your favourite animal and have a go at making a model of its habitat. Use different materials to make it as realistic as possible.
- Think about the Christmas traditions in your house. How are they different to the traditions from Christmas in the times of the Tudors?
- Create a map of the area that you live. Pay attention to local landmarks and try to include them where you can. Don't forget to label your map to make it clear.

- **Personalised homework:** We have had some amazing personalised homework and we are excited for some more! Think about our topic (Houses and Homes) and the events that are coming up. Then create something to bring in and show. This term we would like to show your creations in our museum. Think about events such as The Great Fire of London and Tudor houses. You can use any materials. You could even have a go at making some interesting Christmas decorations ready for the festive period. Have fun! 😊
