

Ash Class Prayer 2023

Dear God,

Thank you for looking after us with food and water. You have made an amazing world with all the elements. Thank you for giving us the words to say and lovely friends, family and teachers.

We are sorry when we have hurt people's feelings by accident or on purpose. We are also sorry if we make poor choices, like taking things that don't belong to us, or not telling the truth.

Please help us to have the things that we need, like food and water. Help those in need to find a home to live in and be safe. Please help us to look after the environment.

Help us to listen to you.

Amen
