

Beech Class Prayer 2023

Dear God,

Thank you for creating our world and the beautiful animals who live in it. Thank you for our friends and our families, who we love very much. Thank you for the water that we drink and the food that we eat.

We thank you for our school and teachers and teaching assistants who help us to learn lots of things and to make friends.

Please God, can you help to keep people healthy and make sure that there is enough food to feed the world?
Please help us to make the right choices and respect the beautiful world that we live in.

Amen
