### **Growth Mindset**

Over the last couple of years, we have been working with pupils on what it means to have a ‘Growth Mindset’ and have organised events like last year’s Mike Mullen BMX visit and the recent Challenge Day to bring the topic to life. Now, we would like to gauge parental understanding in order to support you with reinforcing some of these messages at home.

2	My child talks to me about Growth Mindset work that they have done in school.					
3	My child has become more positive about tackling challenges and more willing to embrace new experiences.					
4	I would welcome further information to help support the messages with my child at home.

## **Spelling**

We have made quite a few changes in our approach to teaching spelling over the past few years, and more recently in the Spelling Homework that we ask children to complete. Whilst we feel that these changes have largely had positive outcomes in school, we would now like to ask parents to share their views, so that we can better understand how Spelling Homework works at home.
