

Bermuda Triangle

The Bermuda triangle, also known as Devil's triangle or Hurricane alley, is a loosely defined region in the western part of the North Atlantic ocean where a number of aircrafts and ships are said to have disappeared under mysterious circumstances.

Located in the Atlantic ocean between Bermuda, Puerto Rico and Florida and covers about 500,000 square miles of Ocean.

The vicinity of the Bermuda triangle is amongst the most heavily traveled shipping lanes in the world, with ships frequently crossing through it for ports in the Americas, Europe and the Caribbean islands.

Most reputable sources dismiss the idea that there is any mystery. Documented evidence indicates that a significant percentage of the incidents were inaccurately reported.
