

Summer Term 2 - 2021

Year 1

Enriching Learning

The following links will help you to work on some of the key learning for Maths and English this term. **With your parents' help, you can choose which areas you most need to practise and when and how long you spend on them.** If you are very confident, you should try the diving activities. If you need to develop your confidence, try the swimming activities. If you think you need to develop skills, have a go at the paddling activities.

Maths Focus: Time

Paddling

Reading Reminder: This term, we would like you to try and read for 5-10 minutes every day. You can read by yourself, or you can read with an adult. Ask them to record your reading in your reading diary. Remember that reading two books on the same day still counts as one night's reading! 😊

The following links will help you to develop your understanding of our topic this term and with topic homework activities.

Topic Focus: The Animal Kingdom!

[David Attenborough answers kids' questions - CBBC Newsround](#)

[Animals - Facts, Pictures and Resources | AZ Animals \(a-z-animals.com\)](#)

[Animal Facts for Kids | Endangered Animals \(animalfactguide.com\)](#)

[Oceans - BBC Bitesize](#)

[Ocean Animal Encyclopedia | Oceana](#)

[Animal Facts for Kids | Animal Coloring Pages \(animalfactguide.com\)](#)

[homepage | Wildlife Watch](#)

[Wild Challenge Family Activities - The RSPB](#)

Each week, you need to choose one of these activities to complete and hand in on Wednesday in your homework book. Make sure that you choose a range of activities (some from each box) during the term.

English Activities:

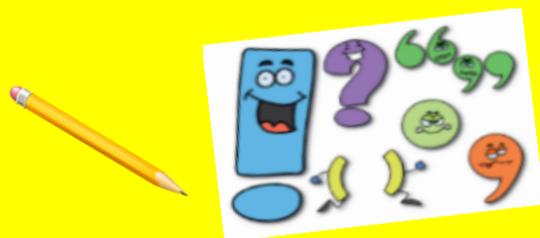

Jot down a list of all the activities you are looking forward to doing over the summer.

Write a letter, persuading me to start the summer holidays a week early!

Use your imagination to design, draw and label a fantastic new parents' obstacle race for Sports Day.

Write an alphabetical list of words linked to school. e.g. A=Attendance, B=Bell C=Children.

Write down how you are feeling about becoming a Year 2! It's ok to have mixed emotions!

Maths Activities:

- Choose 5-10 toys and weigh them. Put them in order from heaviest to lightest.
- Have a go at making a cake. Think carefully about your measuring. You may need to use a measuring jug as well as measuring scales. Make sure to get down the right level to be able to see the measurements and check your accuracy, too much or too little of any ingredients could ruin your cake.
- Practise your number bonds from 1-20.
- Can you remember how many days there are in each month? Can you think of a special occasion which happens in each month?
- Logon to TT Rockstars and battle!

Topic Activities:

- Create your own healthy meal.
- Interview an older family member and talk about past family members - how far back can you trace your family tree?
- Research your favourite animal on a digital device. What interesting facts did you find out?
- Have a go at practising long jump outside. What's the furthest distance you can jump? Try and improve your personal best!

- **Eco Challenge:** This term, our Eco Council are focusing on sustainability. We'd love you to share a picture of your environmentally friendly lunchbox. For example, minimising single use plastics, or finding an alternative purpose for any plastics you may have such as yoghurt pots. Pop a picture into your homework book, or directly email Miss Claridge on eclaridge@chesterton.oxon.sch.uk.

Personalised homework: Carry out a good deed for a friend or family member! It could be anything from helping with the food shopping, litter picking or donating clothes/toys to charity. Remember, being kind is key!
