Drawing	National Curriculum Aims / Objectives	To become proficient in drawing techniques. To use drawing to develop and share their ideas, experiences and imagination.	To become proficient in drawing techniques. To improve their mastery of art and design techniques, including drawing, with a range of materials.	To become proficient in drawing techniques. To improve their mastery of art and design techniques, including drawing, with a range of materials.
	Supporting Knowledge & Skills	Children begin to explore different techniques involved in drawing such as shading, thick and thin lines, patterns and shapes as well as using different surfaces to draw on. Children are also exposed to using different materials to draw with such as pencils, felt tips, charcoal, crayons, chalk and pastels. Children can: a. draw lines of varying thickness; b. use dots and lines to demonstrate pattern and texture; c. use different materials to draw, for example pastels, chalk, felt tips; d. use key vocabulary to demonstrate knowledge and understanding in this	Children develop their knowledge of drawing by continuing to use a variety of drawing tools from KS1. They are introduced to new ways of making effect through tone, texture, light and shadow. They have the opportunity to use vocabulary learned in KS1 accurately, e.g. shading, thick and thin. Children can: a. experiment with showing line, tone and texture with different hardness of pencils; b. use shading to show light and shadow effects; c. use different materials to draw, e.g. pastels, chalk, felt tips;	Children continue to use a variety of drawing tools but are introduced to new techniques, e.g. creating perspective. They become more confident in techniques already learned and use the vocabulary learned accurately, e.g. shading, thick and thin. Children will rely on their sketching books to improve their drawing skills. Children can: a. use a variety of techniques to add effects, e.g. shadows, reflection, hatching and cross-hatching; b. depict movement and perspective in drawings;

To improve their mastery of art and design techniques, including painting with a range of materials.
	Supporting Knowledge & Skills	Children can explore using a variety of different brushes to see what happens. Children begin to learn the primary colours and experiment with mixing paints to understand tone and secondary colours. Children can: a. name the primary and secondary colours; b. experiment with different brushes (including brushstrokes) and other painting tools; c. mix primary colours to make secondary colours; d. add white and black to alter tints and shades; e. use key vocabulary to demonstrate knowledge and understanding in this strand: primary colours, tints, shades,	Children continue exploring using a variety of different brushes to see what happens. They use the language of colour accurately when mixing, e.g. shade, primary and tint. Children begin to experiment with colour for effect and mood. Children can: a. use varied brush techniques to create shapes, textures, patterns and lines; b. mix colours effectively using the correct language, e.g. tint, shade, primary and secondary; c. create different textures and effects with paint; d. use key vocabulary to demonstrate knowledge and understanding in this strand: colour, foreground, middle ground, background, abstract, emotion, warm, blend, mix, line, tone, fresco.	Children continue exploring a variety of different brushes to see what happens. They use the language of colour accurately and use inspiration from natural and non-natural works to create a colour palette. Children are more expressive with colour, associating colours with moods. Children can: a. create a colour palette, demonstrating mixing techniques; b. use a range of paint (acrylic, oil paints, water colours) to create visually interesting pieces; c. use key vocabulary to demonstrate knowledge and understanding in this strand: blend, mix, line, tone, shape, abstract, absorb, colour, impressionism, impressionists.

To improve their mastery of art and design techniques, including sculpting with a range of materials.
	Supporting Knowledge & Skills	Children have the opportunity to use a variety of materials for sculpting and experiment with joining and constructing. They begin to use the correct vocabulary associated with sculpting and construction to demonstrate their understanding of the skill. Children can: a. use a variety of natural, recycled and manufactured materials for sculpting, e.g. clay, straw and card; b. use a variety of techniques, e.g. rolling, cutting, pinching; c. use a variety of shapes, including lines and texture; d. use key vocabulary to demonstrate knowledge and understanding in this strand: sculpture, statue, model, work, work of art, 3D, land art, sculptor, carving, sculpture, installation, shapes, materials, pyramid, abstract, geometric.	Children still have the opportunity to use a variety of materials for sculpting. They experiment with joining and construction, asking and answering questions such as, 'How can it go higher?' Children begin to understand more about decorating sculptures and adding expression through texture. They use a variety of tools to support the learning of techniques and to add detail. Children can: a. cut, make and combine shapes to create recognisable forms; b. use clay and other malleable materials and practise joining techniques; c. add materials to the sculpture to create detail; d. use key vocabulary to demonstrate knowledge and understanding in this strand: rectangular, concrete, terrace, architect, 2D shape, brim, peak, buckle, edging, trimmings, shape, form, shadow, light, marionette puppet.	Children still use a variety of materials for sculpting and experiment with joining and constructing. They begin to understand more about clay modelling and using different tools with clay. They will be more reliant on their own ideas and knowledge of sculpture during the planning and designing process. Children can: a. plan and design a sculpture; b. use tools and materials to carve, add shape, add texture and pattern; c. develop cutting and joining skills, e.g. using wire, coils, slabs and slips; d. use materials other than clay to create a 3D sculpture; e. use key vocabulary to demonstrate knowledge and understanding in this strand: form, structure, texture, shape, mark, soft, join, tram, cast.

Collage	National Curriculum Aims / Objectives	To become proficient in other art, craft and design techniques – collage. To develop a wide range of art and design techniques in using texture, line, shape, form and space.	To improve their mastery of art and design techniques with a range of materials – collage.	To improve their mastery of art and design techniques with a range of materials – collage.
	Supporting Knowledge & Skills	Children will have the opportunity to explore creating a variety of images on different backgrounds with a variety of media, e.g. paper, magazines, etc. Children experiment with sorting and arranging materials and refining their work. Children can: a. use a combination of materials that have been cut, torn and glued; b. sort and arrange materials; c. add texture by mixing materials; d. use key vocabulary to demonstrate knowledge and understanding in this strand: collage, squares, gaps, mosaic, features, cut, place, arrange.	Children continue to explore creating collage with a variety of media, e.g. paper and magazines. They experiment with sorting and arranging materials with purpose to create effect. They learn new techniques, e.g. overlapping, tessellation, mosaic and montage. Children can: a. select colours and materials to create effect, giving reasons for their choices; b. refine work as they go to ensure precision; c. learn and practise a variety of techniques, e.g. overlapping, tessellation, mosaic and montage; d. use key vocabulary to demonstrate knowledge and understanding in this strand: texture, shape, form, pattern, mosaic.	Children experiment with mixing textures and with sorting and arranging materials with purpose to create effect. They develop their understanding of techniques learned in Lower KS2 and develop their own ideas through planning. Children can: a. add collage to a painted or printed background; b. create and arrange accurate patterns; c. use a range of mixed media; d. plan and design a collage; e. use key vocabulary to demonstrate knowledge and understanding in this strand: shape, form, arrange, fix.
Textiles	National Curriculum Aims / Objectives	To become proficient in other art, craft and design techniques – textiles. To develop a wide range of art and design techniques in using colour, pattern and texture.	To improve their mastery of art and design techniques with a range of materials – textiles.	To improve their mastery of art and design techniques with a range of materials – textiles.
	Supporting Knowledge & Skills	Children have the opportunity to look at and practise a variety of techniques, e.g. weaving, dyeing and plaiting. They	Children develop their weaving and colouring fabric skills further. They are also introduced to the skill of stitching in Lower KS2.	Children further develop their weaving, overlapping and layering techniques. They experiment with a range of fabrics including non-traditional fabrics.

To learn about great artists, architects and designers in history.	To learn about great artists, architects and designers in history
	Supporting Knowledge & Skills	Children have the opportunity to learn from the works of famous artists, studying their techniques and processes. They will be exposed to a range of different artists through history throughout KS1. Children can: a. describe the work of famous, notable artists and designers; b. express an opinion on the work of famous, notable artists; c. use inspiration from famous, notable artists to create their own work and compare; d. use key vocabulary to demonstrate knowledge and understanding in this strand: Andy Goldsworthy, LS Lowry, Paul Klee, Monet, Joan Miró, Jackson Pollock, Robert Delaunay, Wassily	Children continue to study the works of famous artists. They have more opportunity to offer opinion and to compare and contrast artists. Children will be exposed to a range of different artists through history, studying their techniques and processes. Children can: a. use inspiration from famous artists to replicate a piece of work; b. reflect upon their work inspired by a famous notable artist and the development of their art skills; c. express an opinion on the work of famous, notable artists and refer to techniques and effect; d. use key vocabulary to demonstrate knowledge and understanding in this strand: Anselm Kiefer, Salvador Dalí,	Children continue to learn from the works of famous artists. They now expand their knowledge by looking at the range of more famous artists. Children comment on the work of famous artists and name their pieces of work. Children can: a. give detailed observations about notable artists', artisans' and designers' work; b. offer facts about notable artists', artisans' and designers' lives; c. use key vocabulary to demonstrate knowledge and understanding in this strand: Henri Rousseau, India Flint, Alexander Calder, David Oliveira, David Hockney, Man Ray, Fernand Léger, Alfred Wallis, Hokusai, Frida Kahlo, Joaquín Torres-García, Leonora Carrington, Diego
